

Hey there. As one of my blogging, podcasting, vlogging cronies, I'm excited to share a sneak peek of a big upcoming launch with you and see what you think.

For the past few weeks, I've been working on a Patreon page so that I can earn some more ongoing revenue through my fans to help me keep the lights on. With Patreon, fans can pay a small amount of money each month in exchange for some bonus rewards. The "About" tab tells you more.

Free will remain an option. <https://health-hats.com/free/>

I've launched my page but it isn't finalized. Go here. <https://www.patreon.com/user?u=8382489>. Click on the "About" and "Membership" tabs. I'd love to hear any feedback you have about it before I make it live to the world.

Specifically, Does everything make sense? Is it clear what Patreon is and what fans get out of joining my community?

What do you think of the rewards?

Any in particular stand out as things you would join Patreon for?

Is there anyone you think I should connect with to help spread the word once I launch?

Thanks for letting me know what you think. I'm excited to get this off the ground and couldn't do it without the support of friends, family like you.

I'll be sending out an email to my mailing list subscribers once I launch. So feel free to add your email here <https://health-hats.com/free/> if you'd like to stay in the know. I'm looking forward to incorporating your feedback into my final page. Thanks.
